PETITION AND RESPONSE TO NOTIFICATION OF DEFECTIVE RESPONSE

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

S I R:

In the above-identified patent application, applicants have received a Notification Of Defective Response dated August 8, 2007 - copy enclosed.

This Notice states that the English translation of the application currently on file with the United States Patent and Trademark Office is defective in that the number of claims contained therein is different to the number of claims in the International application. This is because the English translation of the International application as filed with the initial patent application in the U.S. Patent Office on August 17, 2006 was modified to remove the improper use of multiple dependent claims. The removal of these multiple dependent claims resulted in the addition of nine new claims bringing the total number of claims in the English version of the international application to 15, as opposed to the six claims shown in the International application.

Accordingly, in order to satisfy the requirements of the Notification of Defective Response, applicants are enclosing herewith the literal English translation of the international application as filed, with the number of claims in both (six) being the same. However, applicants respectfully request that, prior to examination, the enclosed Preliminary Amendment be entered which properly removes the multiple dependent

claims and adds new claims 7-15 in place thereof. Applicants verify that no new matter is being added by way of this Preliminary Amendment.

Applicant also petitions herewith under 37 CFR 1.136(a) to have the time period for responding to the Notice of Defective Response extended appropriately in order to have the proper English translation of the international application and the Preliminary Amendment entered in the record.

Authorization is hereby given to have all necessary fees (including the extension of time and the petition fees) deducted from applicants' **deposit account number 503814**.

If there are any questions in the matter, it is respectfully requested that the undersigned attorney of record be contacted.

Respectfully submitted,

Eugene Lieberstein
